THE MINISTER OF TEXTILES AND THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI RAM NIWAS MIRDHA): (a) to (d) Certain organisations of garment exporters ond some individual exporters had represented against the Open Tender System (O.T.S.) on the ground that the system would lead to reduction in exports since the profitability of exports is affected. On a Writ appeal filed by some exporters, the Delhi High Court has recently held that the collection of the premium under the Open Tender System is without any legal backing. The Government has filed an S.L.P. in the Supreme Court against this judgement. 15 per cent of the total annual level available for Super-fast Categories has been earmarked for allotment under O.T.S. A sum of approximately Rs. 55 crores has been collected so far under the Open Tender System. This amount will be funded and used for export promotion purposes. Several schemes for export promotion on garments such as overseas publicity, air freight subsidy, sample subsidy, readymade garment survey, market development in Japan and Australia have already been sanctioned.

2. Transfer of quotas has been permitted only in two systems. The transferability has been permitted only with a view to ensuring better utilisation of quotas by enabling exporters having orders to get quotas by transfer.
